

Part 1: Application Process

1.1 Overview

The purpose of this HOME Investment Partnerships Program (HOME) application is to provide subsidies in the form of grants and loans to selected applicants for the acquisition, rehabilitation and/or new construction of rental housing for low and moderate-income people. Through this program, the Indiana Housing and Community Development Authority (IHCD) seeks to improve the quality of existing housing stock in Indiana.

This program is designed to allocate HOME funds to be used for the rehabilitation and/or new construction of single family homes or rental housing among selected applicants having projects that meet the requirements of the program and IHCD's goals for the program.

1. Demonstrate they are meeting the needs of their specific community.
2. Attempt to reach low and very low-income levels of area median income (AMI).
3. Are ready to proceed with the activity upon receipt of the award.
4. Propose to revitalize existing neighborhoods, preferably through a comprehensive approach (i.e. as part of a published and approved community revitalization plan).
5. Serve the housing needs of special needs populations including but not limited to seniors, persons with disabilities, and families with seniors.
6. Propose projects that are energy-efficient and are of the highest quality attainable within a reasonable cost structure.

1.7 Application Review

Each application must address only one project. Applications are reviewed in a seven step process:

<u>Step One</u> - Completeness	IHCDA reviews to determine if the applicant must provide all required documents, signatures and attachments before the application deadline
<u>Step Two</u> - Preliminary Threshold	IHCDA reviews application and submitted documents to determine if the application meets the minimum threshold criteria for awards.
Step Three – Threshold Clarification	IHCDA provides preliminary threshold review information to the applicant. The applicant has the opportunity to provide clarification or point out documents that may have been misplaced in the application submittal. If the applicant responds, it must be by the deadline set by IHCDA.
Step Four – Final Threshold	IHCDA reviews applicant's response to preliminary threshold and determines if applicant meets threshold. If applicant does not meet threshold, the application is not scored and may not be awarded funding.
Step Five – Preliminary Scoring	Applications that pass the completeness and threshold reviews are scored according to IHCDA's published scoring criteria in this policy.
Step Six – Scoring Clarification	IHCDA provides a preliminary score sheet to the applicant. The applicant has the opportunity to provide clarification or point out documents that may have been misplaced in the application submittal. No new scoring documentation may be submitted after the initial application has been submitted. Any response must be received by the deadline set by IHCDA.
Step Seven – Final Scoring	IHCDA reviews applicant's response to preliminary scoring and determines a final application score. Applications with more than three outstanding threshold and/or scoring clarifications at final threshold or final scoring, respectively, will be disqualified. IHCDA determines which applications that will be funded based on their final scores. Some applications may receive less than their total request amount based on the total funding available.

Bonus points will be awarded to applications that require no clarifications.

Applications proposing rental activities will be scored separately from, and will not compete with, applications proposing homebuyer activities. An amount of funding, determined at the discretion of IHCDA, will be set aside for rental projects each year as prescribed in IHCDA's Consolidated Plan.

Funded applications will be announced at the published IHCD Board Meeting date. Confirmation letters and score sheets will be uploaded to the FTP site by the close of business on the day of the Board Meeting. Applications that are not funded will be notified by IHCD via denial letters and final score sheets being uploaded to the FTP site by the close of business on the day of the Board Meeting. Applications not funded will not be rolled over into the next funding round.

1.8 Minimum Score Requirement

An application must score at least 75 points to be considered for funding.

Additionally, any entity currently on IHCD's suspension or debarment list is ineligible to submit an application. IHCD's Suspension and Debarment Policy can be found in the Program Manual Chapter 17.

2.3 Religious and Faith-Based Organizations

- *Equal treatment of program participants and program beneficiaries.* (1) *Program participants.* Organizations that are religious or faith-based are eligible, on the same basis as any other organization, to participate in the HOME program. Neither the Federal Government nor a State or local government receiving funds under the HOME program shall discriminate against an organization on the basis of the organization's religious character or affiliation. Recipients and subrecipients of program funds shall not, in providing program assistance, discriminate against a program participant or prospective program participant on the basis of religion or religious belief.
- *Beneficiaries.* In providing services supported in whole or in part with federal financial assistance, and in their outreach activities related to such services, program participants shall not discriminate against current or prospective program beneficiaries on the basis of religion, a religious belief, a refusal to hold a religious belief, or a refusal to attend or participate in a religious practice.
- *Separation of explicitly religious activities.* Recipients and subrecipients of HOME program funds that engage in explicitly religious activities, including activities that involve overt religious content such as worship, religious instruction, or proselytization, must perform such activities and offer such services outside of programs that are supported with federal financial assistance separately, in time or location, from the programs or services funded under this part, and participation in any such explicitly religious activities must be voluntary for the program beneficiaries of the HUD-funded programs or services.
- *Religious identity.* A faith-based organization that is a recipient or subrecipient of HOME program funds is eligible to use such funds as provided under the regulations of this part without impairing its independence, autonomy, expression of religious beliefs, or religious character. Such organization will retain its independence from Federal, State, and local government, and may continue to carry out its mission, including the definition, development, practice, and expression of its religious beliefs, provided that it does not use direct program funds to support or engage in any explicitly religious activities, including activities that involve overt religious content, such as worship, religious instruction, or proselytization, or any manner prohibited by law. Among other things, faith-based organizations may use space in their facilities to provide program-funded services, without removing or altering religious art, icons, scriptures, or other religious symbols. In addition, a HOME program-funded religious organization retains its authority over its internal governance, and it may retain religious terms in its organization's name, select its board members on a religious basis, and include religious references in its organization's mission statements and other governing documents.
- *Alternative provider.* If a program participant or prospective program participant of the HOME program supported by HUD objects to the religious character of an organization that provides services under the program, that organization shall, within a reasonably prompt time after the objection, undertake reasonable efforts to identify and refer the program participant to an alternative provider to which the prospective program participant has no objection. Except for services provided by telephone, the Internet, or similar means, the referral must be to an alternate provider in reasonable geographic proximity to the organization making the referral. In making the referral, the organization shall comply with applicable privacy laws and regulations.

Recipients and subrecipients shall document any objections from program participants and prospective program participants and any efforts to refer such participants to alternative providers in accordance with the requirements of §92.508(a)(2)(xiii). Recipients shall ensure that all subrecipient agreements make organizations receiving program funds aware of these requirements.

- *Structures.* Program funds may not be used for the acquisition, construction, or rehabilitation of structures to the extent that those structures are used for explicitly religious activities. Program funds may be used for the acquisition, construction, or rehabilitation of structures only to the extent that those structures are used for conducting eligible activities under this part. When a structure is used for both eligible and explicitly religious activities, program funds may not exceed the cost of those portions of the acquisition, new construction, or rehabilitation that are attributable to eligible activities in accordance with the cost accounting requirements applicable to the HOME program. Sanctuaries, chapels, or other rooms that a HOME program-funded religious congregation uses as its principal place of worship, however, are ineligible for HOME program-funded improvements. Disposition of real property after the term of the grant, or any change in the use of the property during the term of the grant, is subject to government wide regulations governing real property disposition (see 24 CFR parts 84 and 85).
- *Supplemental funds.* If a State or local government voluntarily contributes its own funds to supplement federally funded activities, the State or local government has the option to segregate the federal funds or commingle them. However, if the funds are commingled, this section applies to all of the commingled funds.

(IHCD [Program Manual](#), Lien and Restrictive Covenants & Affordability Requirements Chapter 15)

Part 4 : CHDO

4.1 IHCD CHDO Set-Aside

IHCD must allocate 15% of its HOME funds for CHDO projects.

4.2 CHDO Eligible Activities

- Permanent rental and homebuyer housing are considered CHDO-eligible activities for purposes of the CHDO set-aside as long as the activity takes place within the CHDO's state-certified service area and the CHDO owns, develops, or sponsors the activity.
 - The CHDO "owns" the activity when the CHDO holds valid legal title to or has a long-term (99-year minimum) leasehold interest in a rental property. The CHDO may be an owner with one (1) or more individuals, corporations, partnerships, or other legal entities. The CHDO "develops" the activity when the CHDO is the owner in fee simple absolute and developer of:
 - HOME-assisted rental housing: When the CHDO owns a property it must own it throughout the development process and the period of affordability. As developer, the CHDO must be in sole charge of all aspects of the development process, including obtaining zoning, securing non-HOME funds, selecting contractors, overseeing the progress of work, and determining reasonableness of costs.
 - The CHDO "sponsors" rental projects only when rental housing is owned or developed by a wholly owned subsidiary of the CHDO (which may be a for-profit or not-for-profit organization); a limited partnership (in which the CHDO or its wholly owned subsidiary is the sole general partner); or a limited liability company (in which the CHDO or its wholly-owned subsidiary must be the sole managing member). If the limited partnership or limited liability company agreement permits the CHDO to be removed as general partner or sole managing member, the agreement must provide that the removal must be for cause and that the CHDO must be replaced with another CHDO.

4.3 CHDO Program Requirements

CHDOs must adhere to all HOME requirements listed in this Application Package and the additional CHDO specific program requirements:

- Applicants that would like to apply as a CHDO must apply for CHDO certification at the time of submitting a HOME application. The CHDO application can be found as a separate document on the IHCD website here: <http://www.in.gov/myihcda/2541.htm> It must be submitted at the same time as submittal of the HOME application.
- Treatment of Program Income by a CHDO:
CHDOs receiving payment back during the affordability period may retain these funds. The funds must be utilized for housing activities that benefit low-income families as provided in 24 CFR 92.300(a)(2). However, if at any time during the affordability period, the CHDO becomes decertified or no longer has a mission of providing affordable housing then all CHDO proceeds must immediately be remitted to IHCD. Please contact your Compliance Monitor for further assistance in this area.
- An application for a CHDO eligible undertaking must demonstrate the following:
 - Low- and moderate-income persons have had the opportunity to advise the CHDO in its decision regarding the design, site, development, and management of the affordable housing undertaking.

- Certify that the organization continues to meet the definition of a CHDO by being a certified CHDO by IHCD.

4.4 CHDO Operating Supplement

CHDOs may apply for supplemental funds in the HOME 2016 FY Application Forms. A CHDO may not receive CHDO operating supplement funds in an amount to exceed \$50,000 within one fiscal year

Eligible costs include:

4.5 CHDO Predevelopment and Seed Money Loans

CHDOs are eligible for project specific predevelopment or seed money loans. The CHDO must apply for the predevelopment or seed money through a separate application process. Please contact your Real Estate Production Analyst for more details.

Part 5: Subsidy Limitations & Eligible Activity Costs

5.1 Subsidy & Budget Limitations

The maximum request amount per application is \$750,000 for eligible rental projects.

Subsidy Limitations

HOME funds used for acquisition, rehabilitation, new construction, program delivery, relocation, rent-up reserve, and developer's fee combined cannot exceed:

Bedroom Size	Per Unit Subsidy Limit
0	\$57,000
1	\$65,000
2	\$79,000
3	\$101,000
4+	\$111,000

Minimum amount of HOME funds to be used for rehabilitation or new construction is \$1,000 per unit.

Budget Limitations

HOME funds cannot be used for reserve accounts for replacement or operating costs, but may be used as a Rent-Up Reserve.

All subsidies must be secured throughout the affordability period by a written, legally binding, recorded restrictive covenant.

HOME funds budgeted for administration cannot exceed 5% of the HOME award.

HOME funds budgeted for developer's fee cannot exceed 15% of the HOME award.

HOME funds budgeted for administration, program delivery, environmental review, and developer's fee together cannot exceed 20% of the HOME award.

5.2 Form of Assistance

HOME funds will be awarded to the recipient in the form of a grant or loan. Award documents must be executed in order to access funds and will include, but are not limited to: award agreement, resolution, and a lien and restrictive covenant agreement.

The applicant may then provide the HOME award as a forgivable, amortized, or deferred loan to as many other entities as it chooses, known as subgrantees (beneficiaries if a homebuyer award). However, subgrantees must be identified in the application and approved by IHCD.

A title company is required to be used for all loans that occur between the IHCD recipient and the beneficiary or subgrantee of the program. For example, an IHCD recipient providing funds for a homebuyer activity must use a title company when the loan is made to the homeowner. Another

example is when an IHCD recipient is assisting a property that it does not own. When the loan is made from the IHCD recipient to the subgrantee, a title company must be used.

The IHCD recipient must execute a promissory note, mortgage, lien and restrictive covenant agreement, security agreement, UCC Financing Statement(s), and other documents as directed by IHCD in order to secure IHCD's investment in the assisted property. The recipient is required to deliver these documents to the county recorder's office for recording. These documents will be reviewed during monitoring visits.

5.4 Ineligible Activity Costs

- Commercial development costs - All costs associated with the construction or rehabilitation of space within a development that will be used for non-residential purposes such as offices or other commercial uses. This does not include the common area used by tenants of rental property or the leasing office of the apartment manager. HOME awards cannot be used to underwrite any portion of commercial development costs. The expenses incurred and income to be generated from commercial space must be reported in a separate "Annual Expense Information" sheet and 15-year proforma.
- Costs associated with preparing an application for funding through IHCD.

Income generated by CHDOs acting as owners, sponsors, or developers of HOME units may be retained by the CHDOs but it must be used for housing activities that benefit low-income families as provided in 24 CFR 92.300(a)(2). However, funds recaptured because housing no longer meets affordability requirements is not considered CHDO proceeds and must be returned to IHCD.

Income generated by not-for-profits or for-profits, acting as developers of HOME units, may be retained by the developer and is not subject to HOME Program requirements.

Additionally, all legal documents, such as mortgages, security agreements, UCC financing statements, and liens executed by the IHCDA recipient, beneficiary, or subrecipient receiving assistance must be recorded at the county recorder's office. These documents must be submitted to IHCDA at closeout along with the IHCDA recipient's completion reports and will be reviewed during monitoring visits conducted by IHCDA staff.

Part 6 : Rental Housing Requirements

6.1 Eligible Projects

HOME projects can propose rental activities with this policy and corresponding application forms. Homebuyer activities are eligible using the Homebuyer policy and corresponding application forms.

6.2 Eligible Rental Activities

Eligible activities include new construction, rehabilitation only, or acquisition/rehabilitation. Acquisition is allowed only in conjunction with the rehabilitation activity and is ineligible as a stand-alone activity. Permanent rental housing units may not be used for temporary or emergency housing at any time. Eligible rental activities also include the rehabilitation or acquisition/rehabilitation of assisted-living facilities as long as they meet IHCD's definition. IHCD defines an assisted living facility as living arrangements in which some optional services are available to residents (meals, laundry, medication reminders), but residents still live independently within the assisted-living complex. Residents of such facilities pay a regular monthly rent, and then pay additional fees for the services that they desire.

All households occupying HOME-assisted rental units must be income and student status qualified based on HOME regulations. See the Federal Programs Ongoing Rental Compliance Manual for more information on household qualification.

6.3 Rent Restrictions

HOME-assisted rental units will be rent-restricted throughout the affordability period to ensure that the units are affordable to low- and moderate-income households. Please refer to the most recent HOME rent limits, which can be found on IHCD's website under [RED Notices](#). The following restrictions apply:

- Published rent limits include the cost of any tenant-paid utilities. For all utilities that the tenant will be responsible for you must subtract any IHCD or HUD approved utility allowance from the published rent limit. For example, if the rent limit in a given county is \$300 with a utility allowance for gas heat of \$28, \$20 for other electric, and \$13 for water, the maximum allowable rent would be \$239 for a unit where the tenant pays all the above utilities ($\$300 - \$28 - \$20 - \$13 = \$239$).
- All units must be leased for initial occupancy within 18 months.
- If a SRO-unit has both food preparation and sanitary facilities, then use the HOME zero bedroom (efficiency) unit rent or 30% of the household's adjusted income, whichever is most restrictive.
- If a SRO-unit has neither food preparation nor sanitary facilities, or only one of either, then the rent may not exceed 75% of the fair market rent (FMR) for a zero bedroom unit. For example, if the FMR for a zero bedroom unit in a given county is \$300, then the 40% rent limit in that county for a SRO unit that only has a bathroom and not a kitchen would be \$225 ($\$300 \times .75 = \225).
- Gross rent must be at or below the published rent limit. Gross rent = tenant-paid rent + tenant-based rental assistance + utility allowance + non-optional charges.
- If the applicant proposes to receive all or a portion of the rent payment via a tenant-based voucher (rental subsidy), the gross rent (including the rental assistance amount) cannot exceed the published rent limits for the applicable income level. For example, a tenant residing in a unit set-aside for households at or below 40% of the area median income has a voucher that pays \$100 of his/her rent, and the published utility allowance for tenant paid utilities for the unit is \$50. If the published 40% rent limit is \$300, the tenant paid portion of rent cannot exceed \$150.

(\$300 rent limit - \$100 Section 8 Voucher - \$50 utility allowance = \$150 maximum tenant paid portion).

- If the development receives a federal or state project-based rent subsidy and the unit is designated as 50% or below and the household is at or below 50% AMI and the household pays no more than 30% of his/her adjusted income for rent, then the maximum rent may be the rent allowable under the project-based rental subsidy program as set forth in 24 CFR 92.252(b)(2).
- If the development charges non-optional fees for food or the costs of supportive services, then these costs must be included in the gross rent calculation
- All tenants who occupy HOME-assisted rental housing units must be income recertified on an annual basis. The Section 8 definition of household income applies.

6.4 Affordability Periods and Resale/Recapture Requirements

All rental projects are subject to an affordability period as defined in Part 3.4 of this document.

The recipient is subject to recapture provisions through a recorded lien and restrictive covenant agreement as described in Parts 3.5 of this document.

6.5 Underwriting Guidelines for Rental Projects

The following underwriting guidelines must be followed for any rental developments. The numbers submitted should reflect the nature and true cost of the proposed activity. IHCD will consider any underwriting outside of these guidelines if supporting documentation is provided.

TOTAL OPERATING EXPENSES – All developments must be able to underwrite with a minimum operating expense of \$2,500 per unit per year (net of taxes and reserves).

MANAGEMENT FEE – The maximum management fee allowed is described in the table below based on the number units within the project. The percentage is based on the “effective gross income” (gross income for all units less vacancy rate).

Number of Units	Maximum Management Fee Percentage
1 – 50	7%
51 - 100	6%
101 or more	5%

VACANCY RATE – All developments must be able to underwrite with a vacancy rate between 6% and 8%.

RENTAL INCOME GROWTH – All developments must be able to underwrite with a rental income growth between 0% and 2% per year.

OPERATING RESERVES – All developments must be able to underwrite with operating reserves for four to six months (operating expenses plus debt service) or at \$1,500 per unit based on whichever is greater.

RENT-UP RESERVE – HOME funds may be used to fund a rent-up reserve for new construction and rehabilitation rental housing developments. This reserve can be used to meet shortfalls in development income during the rent-up period and may only be drawn down after all construction is completed at the development. The following terms apply:

- The term of the rent-up reserve account may not exceed six months after all construction is completed, after which time any unused reserves left in the account will be de-obligated by IHCD.
- These funds can be used only for development operating expenses, scheduled payments to replacement reserves, and/or debt service payments.
- The recipient must receive IHCD's approval prior to accessing its rent-up reserve funding.
- The amount of HOME funds that can be utilized for a rent-up reserve is limited to three months development operating expenses plus three months of development debt service.

REPLACEMENT RESERVES – All developments are required to have replacement reserves. Replacement reserves must be included in the operating budget but are not included as part of the operating reserves. Contributions must be made to the reserve account starting at or before the conversion date of the construction loan to permanent loan and must be funded for the term of the loan. Replacement reserve funds must only be used for capital improvements (substantial improvements to the real estate such as re-roofing, structural repairs, or major projects to replace or upgrade existing furnishings, but not including replacement of individual appliances or minor repairs) and must **not** be used for general maintenance expenses. Less restrictive provisions required by lenders must be approved by IHCD. Replacement reserves must escalate at a rate of 3% per year. IHCD will, at its discretion, adjust the replacement reserve to reflect reasonable and customary capital and replacement expenditures. The following minimum contributions must be used.

Development Type	Minimum Contribution per unit per year
Rehabilitation*	\$350
New Construction	\$250

* For rehabilitation developments, the Capital Needs Assessment will be reviewed in determining whether sufficient reserves have been established.

OPERATING EXPENSE GROWTH – All developments must be able to underwrite with operating expense growth between 1% and 3% per year. IHCD requires operating expense growth to be at least 1% higher than rental income growth.

STABILIZED DEBT COVERAGE RATIO – All developments must be able to underwrite with a stabilized debt coverage ratio with the following standards. Stabilization usually occurs in year two; however, the debt coverage ratio projection for a development should not go below 1.1 during the affordability period to be considered financially feasible. IHCD does recognize that rural deals will typically have higher debt coverage at the beginning of the affordability period in order to remain feasible. Documentation to support these higher debt coverage ratios must be provided. Developments without hard debt are allowed but will be subject to additional scrutiny from IHCD. Developments submitted with no debt will not have a debt coverage ratio but will be required to have a cash flow without having an undue profit. This will be determined by a ratio of Effective Gross Income to Total Annual Expenses (including reserve for replacement). A ratio of 1.15 shall be the minimum required to be considered

feasible by IHCDA throughout the affordability period. Tax abatement may cause the debt coverage ratio to be higher than these guidelines.

Development Location	Minimum Acceptable Debt Coverage Ratio
Large and Small City	1.15 – 1.40
Rural	1.15 – 1.50

The following documentation is required for Stabilized Debt Coverage Ratio:

- Documentation of estimated property taxes and insurance for the proposed development (i.e. a statement of how the applicant determined the estimated taxes and insurance for the development); AND
- If the underwriting is outside these guidelines, the applicant must provide a written detailed explanation with third party documentation supporting the explanation (approval of underwriting from other financing institutions/funding sources will not constitute acceptable supporting documentation).

Part 7 : Completeness & Threshold Requirements

Scoring Category	Points Possible
Project Characteristics	33

Total Possible Points	114

When there is a scoring criteria based on the county being served and there are multiple counties, the applicant should add up the scores from each county and average them, rounding to the nearest whole number. An application must score at least 75 points to be considered for funding.

8.1 Project Characteristics

Category Maximum Points Possible: 33

This scoring category describes the proposed project. The points can be achieved through the following sub-categories: Constituency Served, Targeted Population, Comprehensive Community Development, Opportunity Index, and Services.

 If the development commits to serving beneficiaries in IHCD-assisted units with maximum incomes lower than required by the HOME program and maintains housing costs at affordable rates, points will be awarded in accordance with the following chart. Percentages are of the area median income (AMI) for the county in which the development is to be located. Awarded recipients will be held to the unit commitment in their award agreement. Changes to the AMI levels will require prior IHCD approval.

Administrator: A procured entity that will assist carrying out the HOME award.

Aging in Place: - Aging in Place (AIP) refers to adapting our collective living environment so it is safer, more comfortable, and increases the likelihood a person can live independently and remain at home as circumstances change. Primary target populations for aging in place strategies are seniors, families with seniors, and persons with disabilities.

Beneficiary: The household or unit that received homeowner repair work as a result of the HOME award.

CHDO: A Community Housing Development Organization. A non-profit, community-based organization with the capacity to develop affordable housing for the community it serves, as defined in the HOME rule and as certified by IHCD. Participating Jurisdictions (IHCD) must set aside a minimum of 15% of their HOME allocations for activities in which CHDOs are the owners, developers, and/or sponsors of the housing.

Comprehensive Community Development: Every community strives to be a place where people choose to live, work, and play. Comprehensive development means that a community's potential lies in the identification and creation of a shared vision, planned by local leadership, and carried out by an array of partners. When successful, it yields results beyond what can be achieved by individual organizations or disparate programs because of the unique synergy they generate. A thriving community is a community with job opportunities, strong schools, safe neighborhoods, a full range of housing choices, and a vibrant culture. Comprehensive development marshals resources and deploys coordinated strategies in a concentrated area to create opportunities for others in the community to take prudent risks and reap the rewards. The demolition of blighted structures, the rehabilitation of long-vacant housing and the creation of new community amenities and retail opportunities serve as a tipping point for future development through market forces.

Development: The HOME activity proposed in the application.

Disabled: The Fair Housing Act defines disability as a person who has/is:

- A physical or mental impairment which substantially limits one or more of such person's major life activities; or
- A record of having such an impairment; or
- Is regarded as having such an impairment, but such term does not include current, illegal use of or addiction to a controlled substance (as defined in section 102 of the Controlled Substances Act).

Elderly: Elderly can have one of two definitions as elected by the applicant:

- A person 55 years of age or older. This target population category also includes families with a person living in their home that is 55 years of age or older. For housing using this definition of elderly, at least 80% of the units must be age restricted; OR
- A person 62 years of age or older. This target population only includes households in which all household members are 62 years of age or older. For housing using this definition of elderly, 100% of the units must be age restricted.

HOME: The Home Investment Partnerships Program as created by the National Affordable Housing Act of 1990.

IHCDA: Indiana Housing and Community Development Authority

Income Limits: Maximum incomes as published by HUD for projects giving the maximum income limits per unit for beneficiary (30%, 40%, 50%, 60% and 80% of median) units.

Large City: For purposes of this policy, a large city is defined as a city with a population of 75,000 or more. To qualify as being located within a large city, the project must be located within one mile of the zoning jurisdiction and/or use city utility services (water and sewer).

Median Income: A determination made through statistical methods establishing a middle point for determining income limits. Median is the amount that divides the distribution into two equal groups, one group having income above the median and one group having income below the median.

MOU: A Memorandum of Understanding (MOU) is a document describing a bilateral or multilateral agreement between two or more parties.

Narrative: A written description by the applicant that describes the application question and generally supports the need of the project.

Referral Agreement: An agreement in which the recipient and a qualified organization enter into an agreement in which the recipient agrees to (a) set aside a number of units at the project for a special needs population and (b) notify the qualified organization when vacancies occur, and in which the qualified organization agrees to (a) refer qualified households to the project and (b) notify clients of vacancies at the project.

Rent Limits: The HUD published maximum rent amount, including a utility allowance and any non-optional fees. Rent limits are published by bedroom size and by AMI level.

- a. The project is located within the corporate limits of a city or town with a population of 14,999 or less; or
- b. The development is located in an unincorporated area of a county that does not contain a city or town that meets the definition of large city or small city as set forth in this glossary; or

- c. The project is located in an unincorporated area of a county whereas;
- i. The project is outside the 2-mile jurisdiction of either a large city or small city as defined in this glossary; and
 - ii. The project does not have access to public water or public sewer from either the large city or small city as defined in this glossary.

Small City: For purposes of this policy, a small city is defined as a city with a population of between 15,000 and 74,999. To qualify as being located within a small city, the development must be located within one mile of the zoning jurisdiction and/or use city utility services (water and sewer).

Visitability: Visitability is defined as design concepts that allow persons with mobility impairments to enter and stay, but not necessarily live, in a residence. There are three specific design elements that must be incorporated to satisfy the visitability mandate:

- Each unit must contain at least one zero-step entrance on an accessible route. This can be any entrance to the unit;
- All main floor interior doors (including bathroom doors and walk-in closets) in each unit must provide at least at least 31 ¾ inches of clear opening width; and

Part 10: Development Fund

1.1 Overview

The Indiana Affordable Housing and Community Development Fund (“Development Fund”) was established in 1989 to provide financing options for the creation of safe, decent, and affordable housing and for economic development projects in Indiana communities. Development Fund regulations may be found in Indiana Code 5-20-4. Developments also involving federal funding (e.g. HOME Investment Partnership Program or Community Development Block Grant), tax-exempt bonds, or Low-Income Housing Tax Credits (“LIHTC”) must comply with the requirements of those programs.

The Development Fund provides a loan of up to \$500,000 (or a grant in limited special circumstances) for eligible activities as defined within this policy.

For more detailed information on the Development Fund program please consult the [Development Fund Manual](#).

1.2 How to Apply

Development Fund awards are approved through the IHCD Development Fund Application or in conjunction with LIHTC applications through the Qualified Allocation Plan (“QAP”), HOME applications through the HOME funding round, or with CDBG applications through the CDBG funding round.

Development Fund requests in conjunction with other funding sources must be submitted in accordance with the application procedures and deadlines for those programs.

1.3 Eligible Applicants

Applicants eligible to apply in conjunction with a HOME application include nonprofit corporations and local units of government. IHCD must allocate at least 50% of the fund to recognized nonprofit corporations under Section 501(c)(3) of the U.S. Internal Revenue Code.

Awardees with current Development Fund awards are eligible to apply for additional funding. All outstanding awards must be current (if loans), in compliance with all program requirements, and otherwise in good standing in order to be considered for additional awards. However, no individual project sponsor or its affiliates may hold more than 20% of the Development Fund’s total portfolio at any one time.

Individuals or organizations currently on IHCD’s suspension or debarment list are not eligible to apply for Development Fund awards.

1.4 Eligible Beneficiaries

The Development Fund can be used to finance assisted units for occupancy by households earning up to 80% of the area median income, as published annually by HUD. Indiana Code governing the Development Fund requires at least 50% of the dollars allocated to be used to serve “very low-income households” (households earning less than 50% of the area median income). **Therefore, at least 50% of**

the Development Fund assisted units must be designated for households at or below 50% AMI, and the remaining Development Fund assisted units must be designated for households at or below 80% AMI.

1.5 Eligible Residential Activities

Eligible HOME activities include, but are not limited to, acquisition, new construction, and/or rehabilitation of homes for sale, permanent rental units, and permanent supportive housing projects that have successfully completed the Indiana Supportive Housing Institute.

1.6 Eligible Activity Costs

For more information on eligible and ineligible activity costs please see §1.8 and §1.9 of the [Development Fund Manual](#). Questions about eligible vs. ineligible soft costs under the Development Fund program can be directed to the IHCD Underwriting and Closing Manager.

1.7 Match Requirements

Applicants for Development Fund must be able to document a local match in an amount of at least 10%. Acceptable match sources include in-kind donations, donated land, owner equity, building materials, loans, cash grants, or any combination of both in-kind and cash. Other sources of match may also qualify, **except for funds administered by IHCD.**

1.8 Development Fund Activity Provisions

The Development Fund may provide loans or grants up to \$500,000 per development. Development Fund grants will only be made in conjunction with special IHCD initiatives as announced by IHCD. Except for these special initiatives, IHCD will only accept Development Fund applications for loans.

The Development Fund may be used for the following types of loans:

- Pre-development: to pay project pre-development expenses;
- Acquisition: to pay for purchase and closing costs for property acquisition;
- Construction: to pay for hard and soft costs of new construction and rehab projects;
- Permanent: to provide permanent financing to the project; and/or
- Bridge: financing to bridge the timing gap between project or program costs and cash from committed sources not yet available (equity).

Homebuyer projects are not eligible for permanent or bridge financing.

1.9 Loan Terms

The base interest rate for loans is 3%. The interest rate offered by IHCD will be determined during underwriting. **Underwriting will start at 3% and make a final determination based on financial capacity. The final interest rate will not be less than 3%, but may exceed 3% based on capacity.**

1.10 Underwriting Guidelines

For more information on underwriting guidelines please see §2.4 of the [Development Fund Manual](#). Questions about these guidelines can be directed to the IHCD Underwriting and Closing Manager.

1.11 Affordability Period/Lien and Restrictive Covenants

Rental developments will be subject to a Lien and Restrictive Covenant Agreement that must be executed against every residential property constructed, rehabilitated, or acquired, in whole or in part, with Development Fund funds. If the award is made in conjunction with HOME or CDBG funding, the development will be subject to the applicable program affordability period.

Upon occurrence of any of the following events during the affordability period, the entire sum secured by the lien, without interest, shall be due and payable by developer and/or owner upon demand. Repayment may be demanded upon: (1) transfer or conveyance of the real estate by deed, land contract, lease, or otherwise, during the affordability period; (2) commencement of foreclosure proceedings by any mortgagee (or deed in lieu of foreclosure), within the affordability period; or (3) determination that units are not being used as a residence by a qualifying tenant or not leased according to the program affordability requirements. The award recipient will be responsible for repaying IHCD. At the end of the affordability period, if the borrower/recipient has met all conditions, the lien will be released.

1.12 Income and Rent Restrictions/Ongoing Compliance

All Development Fund-assisted units in residential developments must be income and rent restricted. If the award is made in conjunction with HOME funding or is Development Fund only, then the HOME program income and rent limits will apply. Developments with Development Fund combined with another program must follow the recertification requirements of that program.

When Development Fund is combined with other funding sources, the audit/inspection cycle will occur based on the cycle and frequency prescribed by that program.

1.13 Modifications

IHCD may consider requests for changes to the characteristics of a development. **A modification fee of \$500 will be imposed if loan documentation has been finalized. Additionally, a \$1,500 fee will be required if any legal documents, such as the recorded Lien and Restrictive Covenant, need to be amended as a result of the request.**

Approval of modification requests is at the sole discretion of IHCD. IHCD must evaluate each request to see how the change would have affected original funding and underwriting of the development as well as to ensure that the proposed change will not cause noncompliance.

When submitting a modification request, please provide the following:

- a. Formal written request from the Owner/Developer detailing the specific request and the reason the request is needed
- b. The impact to the project in the event the modification request is not approved
- c. Modification fee of \$500.00 if loan documentation has been finalized

- d. Updated HOME application pages that reflect changes to the original application based on the current closing projections and/or proposed modification

At its discretion, IHCDA may request additional supporting documentation.
